

PRODUCTION LOGISTICS

Reduce your operating costs with Lödige Production Logistics Solutions

WE ARE YOUR LOGISTIC PARTNER

Working closely with our customers, we plan, simulate and implement conveyor solutions and turn them into profitable turnkey systems. Thanks to our industry-specific expertise, we optimise your in-house goods and material flows, increase the performance of your system and help to significantly reduce operating costs.

We offer all services from one source: system analysis, planning, design, manufacture and supply of material handling systems, management software, installation, commissioning and subsequent system maintenance.

We offer:

- Storage systems for special applications
- Special conveyor systems
- Mechanics, PLC & IT
- Turnkey solutions

Our customers represent many different industries, including the automotive, pharmaceutical, fast moving consumer goods, food and beverage industry as well as warehouse logistics.
